ABOUT ME

Hi! My name is Malia Connor and I'm a graphic designer from Pekin, IL. I'm currently a BFA student (Bachelor of Fine Arts) in Wonsook School of Art at Illinois State University; my expected graduation date is Spring 2026. As I journey through school, I'd like to continue to grow and learn as a designer.

I love Taco Bell, roller coasters, running, hiking, and mountain biking . I also love cheesecake and have recently gotten into baking them. I may even be able to call myself a cheesecake chef now.
